Domain Name Purchases and Renewals

Where VIZST TECHNOLOGY provide you with domain name services:

1. You confirm that you are the owner of or have the full rights to use any name requested by or allocated to you. Where we find this is not the case, we may refuse or withdraw use of the relevant name.
2. We cannot guarantee that any name requested by you will be available or approved for use.
3. Internet domain names are registered and provided to you in accordance with terms and conditions issued by the regulatory body responsible for the maintenance of those domain names (for example: Nominet, Network Solutions, EurlD and Melbourne IT) and you agree to comply with their terms and conditions.
4. VIZST TECHNOLOGY utilises AWS Route 53 to purchase and manage domain names. By accepting VIZST TECHNOLOGY to manage and provide your domain name or DNS services you also agree to the AWS Route 53 domain registration agreement located at:
<https://aws.amazon.com/route53/domain-registration-agreement/>
5. Where VIZST TECHNOLOGY provide Domain Name Services (DNS) or Domain Registration services you also agree to the Amazon Registrar Policies located at:
<https://aws.amazon.com/route53/amazon-registrar-policies/>

IP Addresses

Where VIZST TECHNOLOGY provides the client with a static IP address these are allocated on a rental only basis and will remain our property at all times.
