Commitment to achieving Net Zero

Vizst Technology Ltd is committed to achieving Net Zero emissions by 2040.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Emissions reduction targets

In order to continue our progress to achieving Net Zero, we are working on reducing our carbon emissions by a set minimum % each year, to ensure we reach our target.

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

We are continually reviewing and managing measures and projects to reduce our carbon emissions. Some completed projects are:

- Setting timers on screens, and for power supplies that are not used out of business hours.

In the future we hope to implement further measures such as:

- Promoting the use of virtual meetings and car sharing when meeting.
- Promoting the use of virtual support and project delivery where suitable.
- Reviewing our suppliers and couriers carbon credentials.
